

Be a Digital Citizen

KEY POINTS

Keep It Secret, Keep it Safe!

Protecting Personal Information

Your personal information is precious, and it's important to keep it private. Here are some key points to remember:

- 👤 **Your name, address, phone number, and school are just for you and your family!**
- 🔒 **Never share them online with people you don't know.** Protecting this information helps keep you safe from potential harm.
- 🎮 **Tip: Use a nickname instead of your real name!** This is a fun way to stay safe while enjoying your online activities.

Think Before You Click or Chat!

Communicating Safely

When interacting online, it's crucial to maintain safety and boundaries:

- 💡 **Only talk to people you know in real life.** This helps ensure your online interactions are safe and trustworthy.
- 🚫 **Never agree to meet someone from the internet.** Meeting strangers from the internet can be risky.
- 🗣️ **If someone makes you feel weird or scared, tell a trusted adult right away!** Always trust your instincts and seek help when needed.

Be a Password Superhero!

Creating Strong Passwords

Strong passwords are a vital part of online security:

- 🧠 **Create passwords with numbers, symbols, and BIG + small letters.** This combination makes it harder for others to guess your password.
- 🗑️ **Never share your password (except with a parent or guardian).** Keeping your password private ensures your accounts remain secure.
- 💪 **A strong password keeps your stuff safe from snoopers!** Protect your information like a superhero!

Your Footprints Last Forever!

Understanding Digital Footprints

Everything you do online can leave a lasting impression:

- 🌐 **Everything you do online leaves a mark.** Be mindful of your activities and the trail you leave behind.
- 📷 **Think twice before posting pictures or comments.** Consider the long-term impact of what you share.
- 🗑️ **You can't always erase what you share—post smart!** Make thoughtful choices about your digital presence.

Be a Creative Copycat... the Right Way!

Respecting Copyright

Respecting others' work is important for maintaining integrity online:

- 🎨 **Ask before using music, pictures, or videos that aren't yours.** Always seek permission to use someone else's creative work.
- 🧠 **Give credit to the creator or use free-to-share content.** Acknowledging the original creator is both respectful and necessary.
- 🌈 **You can create your own work—be proud of it!** Express your creativity and showcase your talents.

Spread Kindness Like Confetti!

Being Kind Online

Kindness is powerful, even in the digital world:

-  **Say nice things and treat people online the way you want to be treated.** This golden rule fosters a positive online environment.
-  **Don't send mean messages—words can hurt even through a screen.** Choose your words wisely to avoid causing harm.
-  **Be a hero: if you see bullying, speak up and tell an adult!** Standing against bullying makes the online community safer for everyone.
